ABOUT US

SAS Car Wash is a premier, tech-driven **mobile car wash** and detailing provider based in the Kingdom of Saudi Arabia. We have eliminated the need for traditional, stationary car wash visits by bringing professional-grade detailing directly to the customer.

Driven by our proprietary **SAS Car Wash App**, we provide a seamless bridge between high-end automotive maintenance and modern digital convenience. Whether for a single private vehicle or a massive corporate fleet, SAS delivers excellence on-site.

THE SAS ADVANTAGE WHY WE ARE DIFFERENT

True Mobility

We operate fully equipped mobile units that come to your home, office, or public parking space.

Water-Saving Technology

We utilize advanced "low-moisture" and eco-friendly chemical cleaning methods, saving up to 80% more water than traditional high-pressure washes.

App-Centric Ecosystem

Our custom-built app handles everything—from GPS location pinning to automated invoicing and service history.

Scratch-Free Commitment:

We use only ultra-plush 500GSM microfiber towels and pH-neutral cleaners to ensure the vehicle's clear coat remains flawless.

TYPES OF WASHES

1. Water Wash

A traditional deep clean using high-pressure water and foam to blast away heavy mud and grit.

2. Waterless Wash

An eco-friendly method using spray-on lubricants to encapsulate and wipe away light dust without a hose.

3. Steam Wash

A high-temperature vapor treatment that sanitizes surfaces and dissolves tough grease while using minimal water.

WHY OUR WASH?

Clean & professional results

Trained staff

Affordable pricing

Modern washing tools
